

START-UP EVENING AT TUM

# BIG DATA – BIG OPPORTUNITIES.

## GET ENTREPRENEURIAL WITH BIG DATA!

Data analysis, data storage privacy policy – Growing amounts of data need smart technologies which provide entrepreneurial opportunities.

At the Start-up Evening in February we will discuss entrepreneurial opportunities and risks of Big Data with successful founders. The guests are Jan-Philipp Hinrichs of Captcha Ad, Dr. Tim Kettenring of mibaby.de, Dr. Maximilian Kissel of Soley, Josef Höfler of Staburo and Dr. Felix Reinshagen of NavVis.

During the get-together, participants have the opportunity to get to know each other as well as the speakers.

**Time:** Thursday, February 26<sup>th</sup> 2015, 6 p.m.

**Venue:** Seminarraum 2250, Department of Mechanical Engineering,  
Boltzmannstraße 15, Garching

**Anmeldung:** [www.unternehmertum.de/start-up-night/register](http://www.unternehmertum.de/start-up-night/register)
